conditions as a child i made five
holistic skin discoveries holistic
health the idea that you must*

consider the whole person has been much more accepted in recent years' **the science of the endocannabinoid system how the affects**

May 24th, 2020 - after several decades of research scientists studying the effects of marijuana made several important discoveries not only did they identify the active ingredient in marijuana they also discovered where and how it

works in the brain via a new system
they called the endocannabinoid ec
system the ec system named after
the marijuana plant cannabis sativa
and its active ingredient delta
9-tetrahydrocannabinol
