

Black Flags The Rise Of Isis Lingua Inglese By Jowarrick

"Recensione ""A deeply reported book of remarkable clarity showing how the flawed rationale for the Iraq War led to the explosive growth of the Islamic State."" (Pulitzer Prize committee)""Compelling and authoritative, with the narrative drive of a thriller."" (Guardian)""Joby Warrick moves easily through the intelligence warrens of Washington and the shattered landscape of the Middle East to tell this insightful narrative of the rise of the Islamic State. Black Flags is an invaluable guide to an unfolding tragedy that must be understood before it can be ended."" (Lawrence Wright, author of Thirteen Days in September and The Looming Tower)""A deep, well-balanced and thought-provoking account with a genuine feel for Middle Eastern realities."" (Yuval Noah Harari, author of Sapiens)""Warrick uses very compelling first-hand testimony to reconstruct Zarqawi's short, violent life."" (Literary Review)""This is journalism at its best: clear, readable and enlightening."" (The Irish Times)""Joby Warrick is one of America's leading national security reporters, so it's no surprise that Black Flags is the most deeply reported and well-written account we have about ISIS and its terrorist army."" (Peter Bergen, author of Manhunt: The Ten-Year Search for bin Laden from 9/11 to Abbottabad)""Invaluable for anyone struggling to understand the gruesome excesses and inexplicable appeal of ISIS. As this seminal book makes alarmingly clear, Zarqawi's appalling legacy won't fade any time soon."" (Bob Drogin Los Angeles Times)""Gripping â€¦ Warrick has a gift for constructing narratives with a novelistic energy and detail, and in this volume he creates the most revealing portrait yet laid out in a book of Abu Musab Al-Zarqawi, the founding father of the organization that would become the Islamic Stateâ€¦ For readers interested in the roots of the Islamic State and the evil genius of its godfather, there is no better book to begin with than Black Flags."" (The New York Times)""Gripping ... a zippy, atmospheric and character-led narrative. It offers a necessary and important backstory to the unfurling of black flags across Syria and Iraq today."" (Shiraz Maher New Statesman) Dall'autore JOBY WARRICK has been a reporter for The Washington Post since 1996. He is a winner of the Pulitzer Prize for journalism, and the author of The Triple Agent. Dalla seconda/terza di copertina When the government of Jordan granted amnesty to a group of political prisoners in 1999, it little realized that among them was Abu Musab al-Zarqawi, a terrorist mastermind and soon the architect of an Islamist movement bent on dominating the Middle East. In Black Flags, an unprecedented character-driven account of the rise of ISIS, Joby Warrick shows how the zeal of this one man and the strategic mistakes of Western governments led to the banner of ISIS being raised over huge swathes of Syria and Iraq. Zarqawi began by directing terror attacks from a base in northern Iraq, but it was the allied invasion in 2003 that catapulted him to the head of a vast insurgency. By falsely identifying him as the link between Saddam Hussein and Osama bin Laden, Western officials inadvertently spurred like-minded radicals to rally to his cause. Their wave of brutal beheadings and suicide bombings persisted until American and Jordanian intelligence discovered clues that led to a lethal airstrike on Zarqawi's hideout in 2006. His movement, however, endured. First calling themselves al-Qaeda in Iraq, then Islamic State of Iraq and Syria, or ISIS, his followers sought refuge in unstable, ungoverned pockets on the Iraq-Syria border. When the Syrian civil war broke out in 2011, and the rest of the world largely stood by, ISIS seized its chance to pursue Zarqawi's dream of an ultra-conservative Islamic caliphate. Drawing on unique high-level access to global intelligence sources, Warrick weaves gripping, moment-by-moment operational details with the perspectives of diplomats and spies, generals and heads of state, many of whom foresaw a menace worse than al Qaeda and tried desperately to stop it. Black Flags is a brilliant and definitive history that reveals the long arc of today's most dangerous extremist threat. Dalla quarta di copertina When the government of Jordan granted amnesty to a group of political prisoners in 1999, it little realized that among them was Abu Musab al-Zarqawi, a terrorist mastermind and soon the architect of an Islamist movement bent on dominating the Middle East.
