**the end of insurance as we know it  
insurance analytics**

**May 22nd, 2020 - the end of insurance as we  
know it 1 30 p m 2 00 p m the insurance  
landscape is quickly shifting in a world of  
accelerating change a slew of technological  
advancements over the past decade have  
fundamentally changed the nature of how  
we view risk'the end of auto insurance as  
we know it how big data will**

May 22nd, 2020 - despite the recent wave of  
articles forecasting that the rise of autonomous  
vehicles will lead to a decline in auto insurance  
premiums we believe it is more accurate to say  
that the advent of self driving cars will cause  
the personal auto insurance policy as we know  
it to disappear at some point in the future as  
self driving cars begin to enter the auto market  
auto insurance will shift'

**'the end of auto insurance as we know it  
how big data will**

**may 24th, 2020 - the end of auto insurance  
as we know it how big data will reshape the  
future of the autonomous vehicle insurance  
market heidi lawson and michael coburn  
despite the recent wave of articles  
forecasting that the rise of autonomous  
vehicles will lead to a decline in auto  
insurance premiums we believe it is more  
accurate to say that the advent of self  
driving cars will cause the personal auto'**

**'we know a thing or two because we ve seen
