

## Starlight By Cristina Chiperi

I corridoi dell'università sembrano infiniti, soprattutto per una matricola come Daisy. Tutto è nuovo e bellissimo per lei. Fino al giorno in cui, in quegli stessi corridoi, non incontra qualcuno che avrebbe preferito non rivedere. È Ethan, il suo migliore amico quando aveva 12 anni, il ragazzino timido che l'aveva conquistata con le sue storie sul cielo e le costellazioni. Su quelle stelle binarie che viste dall'occhio umano sembrano una sola, ma in realtà sono due e sono inseparabili. Ruotano sempre insieme, qualunque cosa succeda. Questo erano lei e Ethan. Poi tutto è cambiato. Perché lui ha tradito la sua fiducia, e Daisy non crede più nella magia delle stelle. Adesso che deve scegliere tra perdonare e ricordare, il primo istinto è quello di fuggire. Ma stelle binarie si nasce e non si può fare nulla per cambiare il destino....
