

# **Urologic Surgical Pathology 4e By Liang Cheng Md Greg T MacLennan Md Frcs C Facs Frcp C David G Bostwick Md Mba Fcap**

"ReseÃ±a del editor Offering comprehensive coverage of this fast-changing field for more than 20 years, Urologic Surgical Pathology is **an expert guide to all common and rare entities in the genitourinary system**. The 4th Edition keeps you fully up to date with discussions of newly recognized tumors and terminologies, the latest classification schemes, current grading approaches, molecular alterations, and commonly used ancillary diagnostic techniques. With its **clinical focus on day-to-day urological pathology sign-out** and an emphasis on clinicopathologic and radiographic-pathologic correlations, this thoroughly revised uropathology reference is an excellent resource for diagnostic decision making. Includes expanded coverage of **differential diagnosis** for all tumor types encountered in urological surgical pathology practice. Incorporates **the latest TNM staging and WHO classification systems**, as well as **new diagnostic biomarkers** and their utility in differential diagnosis, **newly described variants** and **new histologic entities**. Discusses advances in **molecular diagnostic testing**, its capabilities, and its limitations, including targeted therapy/personalized medicine. Covers new developments in **immunohistochemistry** and the latest **diagnostic tumor markers**. Features **more than 1,600 high-quality images** â€“ all in color â€“ including gross pictures, histopathologic and cytopathologic images, special stains, other ancillaries, drawings, and illustrations. Helps you **find information quickly** with a consistent chapter format; an abundance of tables, diagrams and flowcharts; boxed lists of types and causes of diseases; differential diagnosis; characteristic features of diseases; complications; classifications; and staging.

**Enhanced eBook** BiografÃ±a del autor Gregory T. MacLennan, MD is currently the
