

Premier Homme By Pascal Picq

Dans cet ouvrage réalisé simultanément à l'écriture du scénario de Premier Homme, le film-événement dont il est le conseiller scientifique, Pascal Picq déploie l'histoire de l'évolution de la grande famille des anthropoïdes à laquelle appartient l'espèce humaine, depuis les grands singes de la fin de l'ère tertiaire jusqu'à l'émergence d'Homo erectus, le premier homme au début des âges glaciaires. Avec l'appui d'images extraites du film, l'auteur rend accessibles les nombreuses avancées scientifiques de ces dernières années et nous fait découvrir le quotidien de nos ancêtres..
