In this tale of grit and glamour, setbacks and comebacks, business and pop culture icon Tommy Hilfiger shares his extraordinary life story for the first time. Few designers have stayed on top of changing trends the way Tommy Hilfiger has. Fewer still have left such an indelible mark on global culture. Since designing his first collection of "classics with a twist" three decades ago, Tommy Hilfiger has been synonymous with all-American style - but his destiny wasn't always so clear. Growing up one of nine children in a working-class family in Elmira, New York, Tommy suffered from dyslexia, flunked sophomore year of high school, and found himself constantly at odds with his father. Nevertheless, this self-described dreamer had a vision and the relentless will to make it a reality. At 18 he opened his own clothing store, parlaying his uncanny instinct for style into a budding career as a fashion designer. Through decades of triumph and turmoil, Tommy remained doggedly optimistic. To this day his approach to commerce is rooted in his positive view of the world. American Dreamer brims with anecdotes that cover Tommy's years as a club kid and scrappy entrepreneur in 1970s New York as well as unique insights into the exclusive A-list personalities with whom he's collaborated and interacted, from Mick Jagger and David Bowie to Ralph Lauren and Calvin Klein. But this is more than just a fashion icon's memoir - it's a road map for building a brand, both professionally and personally. Tommy takes us behind the scenes of every decision - and every mistake - he's ever made, offering advice on leadership, business, team-building, and creativity. This is the story of a true American original, told for the first time in his own words, with honesty, humor, and the insatiable appetite for life and style that proves that sometimes you have to dream big to make it big.. american dreamer my life in fashion amp business my life. american dreamer my life in fashion and. google sites sign in. inside tommy hilfiger s book american dreamer. tommy hilfiger on american dreamer my life in fashion amp business at the 2016 miami book fair. american dreamer my life in fashion amp business isbn. american dreamer my life in fashion amp business english. tommy hilfiger shares his real life american dream. tommy hilfiger the inspirations that made him bee a. american dreamer my life in fashion amp business. tommy hilfiger audio books best sellers author bio. american dreamer by tommy hilfiger amp peter knobler. american dreamer my life in fashion and business by tommy. american dreamer my life in fashion amp business book. american dreamer my life in fashion amp business book. american dreamer my life in fashion amp business lance. american dreamer my life in fashion amp business by tommy. limbo boutique. american dreamer my life in fashion amp business. american dreamer how i escaped munist vietnam and. american dreamer my life in fashion amp business by peter. american dreamer my life in fashion and business kogan. american dreamer my life in fashion and business hÃ¶r buch. tommy hilfiger. customer reviews american dreamer my life in. american dreamer my life in fashion amp business. american dreamer my life in fashion amp business hilfiger. american dreamer my life in fashion amp business ebook. american dreamer on apple books. american dreamer my life in fashion and business by. hilfiger tommy worldcat identities. tommy hilfiger american dreamer the new york times. american dreamer my life in fashion and business by tommy. american dreamer my life in fashion amp business hilfiger. american dreamer my life in fashion amp business It
