

# Epic Of The Persian Kings The Art Of Ferdowsi S Shahnameh By Barbara Brend Charles Melville Timothy Potts

"Pressestimmen "With many more manuscripts than could be displayed in the exhibition, the catalogue is worth having in its own right. It places the 'Shahnameh' in its historical and literary context, stressing its centrality to Iranian identity. Photographed in close-up, the extraordinary detail of the pictures and ceramics in the exhibition becomes apparent." --The Economist "Barbara Brend...gives expert guidance on the conventions of Iranian art" - Robert Irwin in the Times Literary Supplement "The work is an exceptional addition to publications on the Shahnameh. It is, moreover, a valuable addition to any library that maintains an undergraduate or graduate Iranian studies program, Middle Eastern/Islamic Studies program or art history program in general" - Sean Swanick, The Muslim World Book Review 'It provides good, concise, scholarly overviews of the author, the historical context in which he wrote, and the subsequent immense impact of this work on Persian literature and culture, along with a very brief account of the poem's stories. This is a significant resource for scholars. Summing up: Recommended.' - CHOICE
