

## Le Mont Saint Michel By Gerard Dalmaz

Le Mont-Saint-Michel se dresse au milieu d'une baie ouverte sur la Manche envahie par les marées les plus puissantes d'Europe. Ce joyau du Moyen Age, constitué d'un vaste ensemble monastique surplombant un village ceint de remparts, fut, tout comme Rome et Saint-Jacques-de-Compostelle, l'un des plus importants lieux de pèlerinage de l'Occident médiéval. Plus de mille ans après l'émergence de ce foyer spirituel, la vocation religieuse de l'abbaye demeure, comme l'attestent la présence de Frères et Sours des Fraternités monastiques de Jérusalem et la pérennité des pèlerinages. L'auteur convie à la découverte de l'histoire et de l'architecture du Mont-Saint-Michel, sans négliger le problème de l'ensablement du Mont dont la résolution sera un réel défi pour les générations futures. Gérard Dalmaz, journaliste et historien, est directeur du service de culture de France 2. Il est membre de l'AJP (Association des journalistes du patrimoine).. Le Mont Saint Michel.
