

Palliative Psychology Clinical Perspectives On An Emerging Specialty By E Alessandra Strada

"Críticas Featured as an 'Essential Purchase' on *Doody's* Core Titles List for 2018 anyone with an interest in the psychological aspects of palliative care, or who is responsible for teaching palliative care, will find this book useful and interesting. (Roger Woodruff, IAHPIC Newsletter) Reseña del editor *Palliative Psychology* provides unique and comprehensive training for psychologists specializing in palliative and end of life care. Chapters explore the complex, psychological needs of patients and family caregivers, as well as the knowledge, skills, and attitudes psychologists need to work effectively in an interdisciplinary palliative care setting.

Psychologists will learn how to combine a therapeutic presence with the ability to provide patient- and family-centered, evidence-based assessment and interventions throughout the trajectory of illness. Focus points and numerous real case discussions complement each chapter. *Palliative Psychology* also addresses crucial professional issues, including communication and collaboration with health care providers and work stress. The text discusses how psychologists can best communicate the results of assessments and treatment goals to other care providers in order to better advocate for patients and family caregivers. It also highlights the important role of psychologists in helping other clinicians recognize and address work stress. Insightful and practical suggestions for professional self-care will help psychologists manage the emotional intensity of palliative care and enhance their work with patients and caregivers. Biografía del autor Dr. Alessandra Strada, PhD is a uniquely skilled clinical psychologist specialized in palliative care. Her unique breath of training and experience includes extensive work in evidence-based clinical practice, academic credentials, book authorship, and director-level experience in institutional organization and management. She holds a PhD in Clinical psychology, a PhD in East-West Psychology, a Post-Doctoral Masters in Psychopharmacology and a number of certifications, including clinical hypnosis. She has presented on palliative care nationally and internationally, and has developed and directed post-graduate trainings for palliative psychologists." . palliative psychology palliative care mcgill mcgill. palliative psychology clinical perspectives on an. palliative psychology clinical perspectives on an. palliative psychology clinical perspectives on an. iaahpc book reviews international association for hospice. palliative psychology e alessandra strada paperback. palliative psychology clinical perspectives on an emerging. palliative psychology clinical perspectives on an. palliative psychology clinical perspectives on an. e alessandra strada ebooks ebooks. palliative psychology clinical perspectives on an. palliative psychology clinical perspectives on an. psychological interventions in palliative care. palliative psychology clinical perspectives on an. palliative psychology clinical perspectives on an. palliative psychology clinical perspectives on an. palliative psychology clinical perspectives on an. booktopia palliative psychology clinical perspectives. palliative psychology by e alessandra strada overdrive. palliative psychology clinical perspectives on an. download pdf palliative psychology free online new. clinical psychology in palliative care oxford medicine. 9780199798551 palliative psychology. palliative psychology clinical perspectives on an. palliative psychology clinical perspectives on an. palliative psychology ebook by e alessandra strada. palliative psychology clinical perspectives on an. palliative psychology ebook by e alessandra strada. palliative psychology clinical perspectives on an. palliative psychology clinical perspectives on an. palliative psychology e alessandra strada oxford. palliative psychology book pdf download. clinical psychologists in specialist palliative care what. palliative psychology clinical perspectives on an. palliative psychology clinical perspectives on an. palliative care perspectives james l hallenbeck. palliative psychology clinical perspectives on an. mortality vol 25 no 2 taylor amp francis online. palliative psychology clinical perspectives on an. palliative psychology clinical perspectives on an. strada palliative psychology clinical perspectives on an. palliative psychology von e alessandra strada isbn 978. palliative psychology clinical perspectives on an. palliative psychology clinical perspectives on an emerging. palliative psychology by strada e alessandra ebook. organizing psychologists behavioral scientists and. reflective practice in palliative care aps. palliative psychology geneeskundeboek
