

United States Classic Poster Size Tubed Wall Maps U S National Geographic Reference Map By National Geographic Maps

The signature Classic style United States map uses a bright, easy to read color palette featuring blue oceans and stunning shaded relief that has been featured on National Geographic wall maps for over 75 years. All 50 States are featured including insets for Alaska and the Hawaiian Islands. An inset demonstrating the relative size of Alaska is shown as well. All major cities, transportation routes, State boundaries, National Parks, inland waterways, and mountain ranges are clearly displayed and labeled. It is truly an iconic map that never goes out of style. Poster sized maps make a perfect addition to any sized space. They are specially designed to maximize content in a smaller footprint than standard wall maps and fit precisely into precut poster sized frames which makes finishing and hanging them a breeze. The map is packaged in a two inch diameter clear plastic tube. The tube has a decorative label showing a thumbnail of the map with dimensions and other pertinent information.
