

# Mastering Communication With Seriously Ill Patients Paperback Balancing Honesty With Empathy And Hope By Anthony Back

"CrÃ¡ticas 'This useful step-by-step guide tailors the message of developing good communication to some of the most difficult conversations a physician will ever have.' Doody's Notes ReseÃ±a del editor This book defines the specific communication tasks involved in talking with patients with life-threatening illnesses and their families. Topics include delivering bad news, transition to palliative care, discussing goals of advance-care planning and do-not-resuscitate orders, existential and spiritual issues, family conferences, medical futility, and other end of life conflicts. DescripciÃ³n del libro This book defines the specific communication tasks involved in talking with patients with life-threatening illnesses and their families.

Topics include delivering bad news, transition to palliative care, discussing goals of advance-care planning and do-not-resuscitate orders, existential and spiritual issues, family conferences, medical futility, and other end of life conflicts.
